### **DETAILED ACTION**

The following action is in response to application 10/532,833 filed on April 26, 2005.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1:

on line 17, "is made" has been replaced with --made--.

### ***Allowable Subject Matter***

Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the automatic shifting-operation control system as claimed, and particularly including interrupting a reference to a detected air intake amount and instead referencing a pseudo intake air mount calculated from a fuel injection amount controlled to suppress the driving speed of the vehicle to a speed equal to or less than a predetermined limited value, and including the remaining controls of claims 1, 4, and 7, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Hoshino, Ochiai, Ohtsuka, Saito, and Goto have been cited to show similar vehicle controls.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roger L. Pang whose telephone number is 571-272-7096. The examiner can normally be reached on 5:30am to 4:00pm.
